Traffic Alert
Twin Peaks-Blue Bonnet Road
Gravity Sewer Project

This is a series of traffic alerts that will be issued throughout the construction of the Pima County Regional Wastewater Reclamation Department’s Twin Peaks-Blue Bonnet Road Gravity Sewer Project. These alerts will announce construction, detours and street closure information as it affects traffic. Please watch for updated traffic alerts as construction activities progress.

Pima County Regional Wastewater Reclamation Department (RWRD) and their contractor, Achen Gardner, have begun installation of a 15-inch sewer interceptor line along Hartman Lane, between Linda Vista Boulevard and Cortaro Farms Road. The contractor began work south of the intersection at Cortaro Farms Road and is working northward toward Linda Vista Boulevard. The sewer installation along Hartman Lane is expected to be complete in September 2019.

Sections of Hartman Lane will be completely closed to motorists, pedestrians and bicyclists in the area where the contractor is working.

On Friday, July 19, the contractor will begin sewer installation along Hartman Lane between Kara Nicole Drive and Jade Hollow Place. (SEE MAP) This closure will be in place 24-hours per day.

- Southbound only turn movements will be permitted from Kara Nicole Drive.
- The intersection of Fireopal Way and Hartman Lane will be closed.
- Motorists wanting access to Fireopal Way can use Overton Drive or Eaglestone Loop as an alternate route.
- North and southbound travel will be permitted on Hartman Lane between Cortaro Farms Road and Kara Nicole Way.
- There is no access to Cortaro Farms Road from Hartman Lane north of Kara Nicole Drive.

Residents and the traveling public should watch for informational signs with detour information.

On Monday, July 22 through Friday August 2, from 9 a.m. to 3 p.m. each day, the contractor will install a new manhole near the intersection of Cortaro Farms Road/Hartman Lane. (SEE MAP)

- Eastbound Cortaro Farms Road will be reduced to one through-lane and one left-turn lane.
- Turn movements to and from Hartman Lane will not be impacted.
- Sidewalk and crosswalk access will be restricted along the southwest side of Cortaro Farms Road at the Hartman Lane intersection.

Emergency access will always be provided.

The above work schedule may be impacted by weather or mechanical failure. During the sewer pipe installation, there will be extensive trenching and large equipment entering and exiting the work area. Motorists should remain alert and use caution when driving near construction activities.
